IB-8. WITHDRAWAL OF BIDS

Bids may be withdrawn upon the written request of the bidder prior to the time fixed for opening. No bid may be changed, amended or supplemented in any way after the exact time for submission of bids specified in the advertisement for bids. Any bidder that cancels or withdraws its bid after the bid opening will be deemed unqualified, and be prohibited from receiving a District contract, for a period of one (1) year from the date of bid opening. While it is the practice of the District to return the bid security, the District reserves the right to retain bid security as liquidated damages at its discretion. Repeated instances of cancellation or withdrawal of bids by a contractor may be cause for retaining bid security.

IB-9. BIDDER WARRANTIES

The submission of a Bid Proposal shall constitute a warranty that: (a) Bidder has carefully and thoroughly reviewed the Contract Documents and has found them complete and free from ambiguities and sufficient to describe the Contract work; (b) Bidder and all workers and/or employees it intends to use in the performance of this Contract are skilled and experienced in the type of work or services called for by the Contract Documents; and (c) neither the bidder nor any of its employees, agents, suppliers or subcontractors have relied on any verbal representations from the District or any of the District's employees, agents, or consultants, in preparing the Bid Proposal.

- D. Any Bid submitted contrary to these provisions shall be rejected. Any Bid not properly executed in the opinion of said Purchasing Agent shall be rejected.

IB-11. RIGHT TO ACCEPT AND REJECT BIDS

The District reserves the unqualified right to reject or accept any and all bids or any combination thereof, if applicable, which, in its sole and absolute judgment, will best serve the public interest. In the event equal bids are received, the District reserves the unqualified right in its absolute and sole discretion, to accept the bid, in whole or in part, from the Contractor that the District deems most qualified and/or that will, under all circumstances, best serve the public interest. The District reserves the right to reject any proposals that are incomplete, conditional, and obscure or contain alterations and/or additions to, standard bid specifications issued by the District.

In the event that the successful bidder fails to execute the Contract Agreement included in Section VI hereof or to furnish satisfactory surety on a bond to the District, within the fourteen (14) day period referenced below, the successful bidder may be deemed to be in default and may be prohibited from bidding on any District contracts or projects for one (1) year. In addition, any and all Bid Securities provided to the District may be retained by the District as liquidated damages. The District reserves the right to accept the bid of any other bidder within ten (10) calendar days from such default. The acceptance of such bid after default shall have the same effect on the subsequent successful bidder as though he/she were the original successful bidder.

IB-12. PERFORMANCE AND PAYMENT SECURITY

When required, the bid shall be accompanied by a surety statement from a qualified Surety Agency indicating bidder's ability to obtain valid and enforceable Performance Bond and Payment Bond in the full amount of the bid, should the Contract be awarded to the Bidder. The actual bond shall be provided within fourteen (14) days of the notice of award. (Note: Refer to "IB-10. Bid Security – Section C" for Bond Rating and Financial Size Category requirements).

In the event that the bidder fails to satisfactorily furnish a Performance Bond and Payment Bond, then the District may elect to retain the Bid Security of the bidder as liquidated damages and the Contract award may be canceled. The District may also deem the bidder as unqualified and the bidder may be prohibited from receiving a District Contract for a period of one (1) year from the date of bid opening.

IB-13. CONDITIONS OF THE WORK

Each Bidder is charged with the responsibility of acquainting themselves, by personal examination, with the location of the proposed work, and shall, therefore, be informed of the actual conditions and requirements of the work, including risks, means of access, and character of the proposed location of work, restrictions and regulations. Failure to do so will not relieve a successful Bidder of its obligations to furnish all material and labor necessary to carry out the provisions of the Contract and to complete the contemplated work for the amount set forth in the Bid.

The submission of a bid shall constitute and imply full knowledge of such conditions and regulations and acceptance of the risks contained therein. Where borings are indicated on Plans, it is understood that they were made in the usual manner and with reasonable care, and their location, depths and the character of the material have been recorded in good faith. There is no expressed or implied agreement that the depths or the character of materials have been correctly indicated, and bidders should take into account the possibility that conditions affecting the work may differ from those indicated. Bidders may request and examine all available information that was considered in preparing the Plans.

IB-14. SCHEDULE AND SEQUENCE OF WORK

The District reserves the right to schedule the bidder's operations on various sections of the work and/or designate the sequence of operations whenever the District deems necessary due to job conditions, inclement weather or for reasons that are in the best interest of the District. Bidder shall not be entitled to any additional compensation from the District based on the sequence or schedule of operations required by the District.

IB-15. LAWS AND REGULATIONS – PUBLIC CONTRACTS

This Contract is a competitively bid public Contract with the Forest Preserve District of Cook County, subject to laws and ordinances governing public Contracts. The bidder shall at all times observe and comply with all laws, ordinances, regulations, and codes of the Federal, State, County, and other local government agencies which may in any manner affect the preparation of the Bid Proposal or the

performance of the Contract. If the bidder observes that any of the Contract Documents are at variance therewith, it shall promptly notify the Purchasing Agent in writing and, if necessary, changes shall be effected by the appropriate modification in writing. Projects on District property require a building permit only from the Cook County Building and Zoning Department and not local municipalities; however, other permits, licenses, or bonds may be required from other jurisdictional agencies.

IB-16. MBE/WBE CONTRACT GOALS

I. POLICY AND GOALS

It is the goal of the District to prevent discrimination in the award of or participation in the District Contracts and subcontracts and to eliminate arbitrary barriers for participation, as both Contractors and Subcontractors or Suppliers, in such Contracts by Minority-Owned Business Enterprises (“MBEs”) and Women-Owned Business Enterprises (“WBEs”).

In furtherance of this policy, the District has adopted a Minority and Women Owned Business Enterprises ordinance (the “Ordinance”), establishing Annual Aspirational Goals of 24% MBE and 10% WBE participation on an aggregate basis for construction.

Each bidder shall abide by all local, state, or federal laws, rules, or regulations applicable to selection of sub-contractors to perform work under this Contract. Each bidder shall further agree to comply with the Constitution of the United States, the Civil Rights Act of 1964 (42 U.S.C. § 1971 *et seq.*), Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 (42 U.S.C. § 1210 *et seq.*), the Constitution of the State of Illinois, the Human Rights Act (775 ILCS 10, *et seq.* through 775 ILCS 20/7), the Cook County Human Rights Ordinance, and any laws, regulations, statutes, ordinances or orders, whether local, state or federal, and District Ordinances and rules which prohibit discrimination on the grounds of race, color, sex, religion, national origin, ancestry, age, marital status, inability to speak or comprehend the English language, physical or mental disabilities, sexual orientation, unfavorable discharge from military service, or any other legally protected status.

Additional detail on the procedures relating to MBE/WBE participation is included in the Special Provisions section of these Bid Specifications.

IB-17. CONTRACT

All bidders shall sign and attest the enclosed Contract on behalf of their organization and submit the Contract with their Bid. The District will sign the Contract only after the District Board awards the Contract and all required insurance and bonding requirements are met. The successful Bidder shall have fourteen (14) calendar days from the date of the mailing of the Notice of Award to supply the District with all acceptable and required bonds and insurance. Failure to adequately provide said bonds and insurance for any reason within the specified time may result in the District declaring that the successful Bidder failed to execute the Contract. The District then may place Bidder in default and the Bidder shall not be eligible to be awarded any future work with the Forest Preserve District of Cook County for a period of one (1)

year. In addition, the District reserves the right to retain any and all Bid Security provided to the District as liquidated damages.

The District, at its option, may require any bidder or bidders to submit sworn statements, properly executed, supplying requested information and data relative to the experience, equipment and financial resources of the bidder.

Said Contract must be executed in accordance with the provisions of the Section entitled "IB-1. Preparation of Bids," cited above.

IB-18. PUBLIC WORKS/ PREVAILING WAGE

Any successful bidder awarded a public works Contract or subcontract with the District must provide certified payroll documentation, with each payment request, that it is in compliance with prevailing wage regulations. Payment will be withheld if the Contractor or subcontractor fails to provide the certified payroll with the payment request.

Where the Contract calls for the construction of a "public work" within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/01 et seq. ("the Act"), the Act requires Contractors and subcontractors to pay laborers, workers and mechanics performing services on public works projects no less than the "prevailing rate of wages" (hourly cash wages plus fringe benefits in the county where the work is performed.) For information regarding current prevailing wage rates, please refer to the Illinois Department of Labor's website at: <http://www.state.il.us/agency/idol/rates/rates>. All Contractors and subcontractors rendering services under this Contract must comply with all requirements of the Act, including but not limited to all wage, notice and record keeping duties.

Please note, in the event that unemployment in the state of Illinois exceeds 5%, Contractors on public works projects may be required to comply with the Employment of Illinois Workers on Public Works Act, 30 ILCS 570/0.01, et seq., under which Contractors or sub-Contractors may be required to employ Illinois laborers in accordance with this Act. An "Illinois laborer" is defined as any person who has resided in Illinois for at least thirty (30) days and intends to become or remain an Illinois resident.

IB-19. LIVING WAGE

The Forest Preserve District Living Wage ordinance mandates that a minimum base wage be paid to individuals employed under contracts between the District and any person or entity awarded a contract by the District or the subcontractor or any such person or entity. As of **February 1, 2017**, the living wage for Cook County was no less than **\$12.07** per hour if employee health benefits are provided or **\$15.08** per hour without health benefits. The living wage rate for Cook County is adjusted annually using the most recent federal poverty guidelines for a family of four published by the U.S. Department of Health and Human Services, per Section 1-8-2.T of the Code. Prospective bidders are encouraged to submit an inquiry per IB-11 to confirm the current living wage prior to submitting a bid.

IB-20. CHILD SUPPORT

Every applicant for a District Contract shall be in full compliance with any child support order before such applicant is entitled to receive or renew a District Contract. When delinquent child support exists, the District shall not issue or renew any District Contract and may revoke any District Contracts. (See the *Affidavit of Child Support Obligations* form in Section VI. *Bid Proposal – Required Forms*).

IB-21. HUMAN RIGHTS

No person who is a party to a Contract with the District shall engage in unlawful discrimination or sexual harassment against any individual in the terms or conditions of employment, credit, public accommodations, housing, or provisions of District facilities, services or programs.

IB-22. MAXIMUM & MINIMUM

The maximum quantity that the District will be obligated to purchase under this Contract is the quantity ordered, delivered and accepted by the District. However, nothing contained herein shall be construed as an obligation of the District to order or pay for any quantity of material to be immediately necessary in anticipation of, or for the prosecution of the work.

IB-23. DEMURRAGE

The District will be responsible for any demurrage charges for delay in the delivery of materials only when such charges accrue because of the District's negligence in unloading the material.

IB-24. ACCEPTANCE & USE

This refers to acceptance and use, by the District, of any portion of materials that do not conform with the Detailed Specifications in Part V hereof. The District's acceptance of any portion of non-conforming materials does not, in any way, prejudice its claim(s) on account of any used or unused material that is alleged by it to be below the grade ordered.

IB-25. INDEMNIFICATION & HOLD HARMLESS

The Bidder agrees, by his/her Proposal, to defend, indemnify, save and hold harmless the District and its President, Commissioners, officers, employees, and agents from any and all claims, demands, losses, damages, action or actions, charges, judgment or judgments that may arise as a result of the Contract, or in any way relate to the Contract including, but is not limited to, claims related to labor and materials employed in the manufacture or delivery of the equipment, claims relating to inventions, patents and patent rights, attorney fees and costs, etc.

IB-26. EXEMPTION FROM TAXES

The District is exempt from all manufacturers' and retailers' Federal Excise Taxes directly applicable to the completed items covered under this Proposal. Federal Excise Tax does not apply to materials purchased by the District by virtue of the Exemption Certificate No. A-320893.

Section 3475 (b) of the Internal Revenue Code, as amended, provides, in part, that the tax on the transportation of property shall not apply to amounts paid for the transportation of property to or from the government of a State or a political sub-division thereof.

The Illinois Retailers' Occupation Tax, Use Tax and Municipal Retailers Occupation Tax do not apply to deliverables, materials or services purchased by the District by virtue of statute. The District's State of Illinois Sales Tax Exemption Identification No. E-9997-8636-06. The Purchasing Agent of the District will issue appropriate tax exemption certificates upon request.

All Bids made hereunder are made with the understanding that the District will benefit and that Federal Excise Tax, Illinois Retailers' Occupational Tax and Transportation Tax has not been included in the Unit prices. The price or prices quoted in a bid proposal shall include any and all other federal and/or state, direct and/or indirect taxes which apply to the Contract.

The Contractor shall indemnify the District from and against any assessment of improperly charged taxes or penalties which may, at any time, be imposed upon the District resulting from the purchase of any materials or services made pursuant to the Contract. The indemnity herein provided for shall survive the Contract.

IB-27. INCREASE OF PRICE

The Contract Price shall not be increased for any reason without the prior documented approval of the Board of Commissioners of the Forest Preserve District of Cook County. Thus, the Bidder will not, under any circumstances, receive any increase of the Contract Price without said prior documented approval.

IB-28. CHANGES

There shall be no changes in specifications under any circumstances for any reasons, unless the Department head of the using department has approved the same in writing and, if such change alters the Contract price or materially alters the terms of the Contract, the Board of Commissioners of the District approves the same as provided in the General Conditions, GC-7. Under no circumstances shall there be any oral claims or oral orders for any changes.

IB-29. REJECTION

Equipment, supplies or work that fails to comply with the specifications stated herein with regards to design, material or workmanship are subject to rejection and may, at the option of the District, be rejected. The decision of the Director of Planning & Development is final.

IB-30. REPLACEMENT

Materials, components or work that has been rejected by the District, in accordance with the terms of the Contract, shall be replaced by the Awarded Bidder at no cost to the District.

IB-31. DELIVERY

The Awarded Bidder must make all arrangements for delivery in advance with the using department so that the District may arrange for receipt of the delivery.

IB-32. REMOVAL

GC-2. PLANS AND SPECIFICATIONS

Checking Drawings: The Contractor shall check all drawings furnished to them and promptly notify the Engineer of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large-scale drawings shall in general govern small-scale drawings. The Contractor shall compare all drawings and verify the figures before laying out the work, and will be responsible for any errors that might have been avoided thereby.

Interpretations and Instructions: All questions regarding the figures, plans and specifications, and the interpretation thereof and resolutions of conflicts and inconsistencies therein, shall be determined by the Engineer. Deviations from the drawings and dimensions therein given, whether or not error is believed to exist, shall be made only after authority in writing is obtained from the Engineer.

Conflicts and Omissions: Anything mentioned in the specifications and not shown on the drawings or shown on the drawings and not mentioned in the specifications shall be of like effect as if shown or mentioned in both. In case of any difference between the drawings and specifications, the specifications shall govern. Omissions from the drawings or specifications or the lack of details of work which are evidently necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall not relieve the Contractor from performing such omission and details of work, but they shall be performed as if fully and correctly set forth and described in the drawings and specifications.

Coordination of the Contract Documents. The Contract is intended to describe a complete work. In case of discrepancy, calculated dimensions govern over scaled dimensions. In addition, the following documents shall govern to resolve all cases of conflict, ambiguity or inconsistency, in the following order of precedence:

1. Addenda, if any (later dates take precedence over earlier dates)
2. Amendments to the Contract, if any
3. Detailed Specifications

4. Drawings and Plans
5. Bid Notice
6. Information to Bidders
7. Bid proposal
8. Special Conditions
9. General Conditions

All such drawings shall be approved and signed by the project architect or engineer and shall remain null and void unless authorized by such signatures.

Citation of Other Specifications: Whenever the specifications for this Contract refer to the specifications of any society, institute, association or government organization, then such specification cited shall become a part of this Contract as if written in full. The following organizations shall be referred to by using the abbreviated designations in quotations: American Society of Testing Materials, "A.S.T.M."; American Association of State Highway and Transportation Officials, "A.A.S.H.T.O."; American Water Works Association, "A.W.W.A."; American Standards Association, "A.S.A."; American Institute of Steel Construction, "A.I.S.C.".

Copies on the Site of the Work: The Contractor shall keep on hand at the site of the work, for reference by the Engineer or Inspector, a complete copy of all plans and specifications with revisions and additions thereto and a copy of all written orders issued by the Contractor or the Engineer under this Contract.

GC-3. AUTHORITY AND DUTIES OF THE ENGINEER AND CONTRACTOR

Status of the Engineer: The work shall be subject at all times to the supervision and direction of the Engineer and his/her authorized assistant(s). To prevent disputes and litigation, it is mutually agreed that the Engineer shall in all cases determine the amount or quality of the various kinds of work and the quality of materials and workmanship to be paid for under this Contract, and he/she shall decide all questions that may arise relative to the performance of the work covered by the Contract. The Engineer may amend or correct any errors or omissions in the plans and specifications when such amendments or corrections are necessary to make definite the intent indicated by a reasonable interpretation of the Contract requirements. The Engineer shall have full power to reject or condemn all materials furnished or work performed under this Contract which, in his/her opinion, does not conform to the terms and conditions

herein expressed. In giving instructions, the Engineer shall have authority to make minor changes in the work, not inconsistent with the purposes of the work. No extra work or change shall be made unless the same is pursuant to a written order, except in an emergency endangering life or property.

Lines and Grades: Lines and grades shall be established by the Contractor prior to the start of the work and shall be carefully preserved by the Contractor. All additional staking for alignment and grading operations and any replacements required in the original staking due to the Contractor's negligence shall be the responsibility of the Contractor. The Contractor shall provide such ordinary labor as may be required by the Engineer to check lines and grades and any other necessary measurement. Foundation surveys and final as-built surveys shall be the responsibility of the Contractor and shall conform to the requirements of the District and any agency having jurisdiction.

Inspection: The District's Engineer or project manager shall have full access to the Work at all times for inspection purposes, and shall be furnished by the Contractor with facilities for ascertaining whether the Work is being performed or has been completed in accordance with the requirements of the Contract to the extent of uncovering, testing or removing portions of finished work.

Testing. The Engineer may require material testing to be performed by an independent third party as provided in GC-8(b) at Contractor's expense.

The presence of the Engineer shall in no way lessen the responsibility of the Contractor. In case of disputes between the Contractor and the Engineer as to materials furnished or manner of performing the Work, the Engineer shall have authority to reject materials or suspend the Work until the question at issue can be decided by the Director of Planning and Development. The Engineer is not authorized to revoke, alter, enlarge, relax or release any requirements of these specifications, nor to approve or accept any portion of the Work, nor to issue instructions contrary to the plans and specifications.

GC-4. RIGHTS AND RESPONSIBILITIES OF THE DISTRICT

- a. **Land for the Work:** The District shall provide the lands and easements and/or licenses for the use of lands for all permanent construction to be performed under this Contract. All necessary additional land required for the erection of temporary construction facilities, storage of materials, together with right of access, shall be provided by the Contractor unless specifically provided for by the District in the special provisions.
- b. **Right to do Work:** The District reserves the right to let other Contracts in connection with the Work and the Contractor shall allow other Contractors reasonable opportunity for the introduction and storage of their materials and execution of their work, and shall properly connect and coordinate this work with theirs.
- c. **Right to Suspend Work:** The District also reserves the right to suspend the Work, wholly or in part, for such period of time as may be necessary, due to unsuitable weather or such other conditions as are considered unfavorable for the satisfactory execution of the Work; or for such time as is

necessary by reason of failure on the part of the Contractor to carry out orders given, or to perform any or all provisions of the Contract, and no additional compensation shall be paid the Contractor because of such suspension.

d. Breach & Default Contract

The Contractor may be in breach of this Contract for any one or more of the following reasons:

1. Any material misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by Contractor to the District;
2. Contractor's material failure to perform any of its obligations under this Contract including, without limitation, the following:
 - a. Failure to begin the work of this Contract within the specified time;
 - b. Failure to timely perform the Work;
 - c. Failure to perform the Work with sufficient personnel and equipment or with sufficient material to ensure the timely performance of the Work;
 - d. Failure to have and maintain all professional licenses required by law to perform the Work;
 - e. Performance of the work in an unsatisfactory manner;
 - f. Refusal to remove material that has been rejected as defective or unsuitable;
 - g. Failure to promptly re-perform, as required, within a reasonable time and at no cost to the District, work that is rejected as erroneous or unsatisfactory;
 - h. Unauthorized discontinuance of the work or impairing the reasonable progress of the work;
 - i. Becoming insolvent or being declared bankrupt;
 - j. Assignment of this Contract for the benefit of creditors without the approval of the Purchasing Agent;
 - k. Failure to provide certified payroll for work performed on public works Contract;
 - l. Failure to comply with any other term of this Contract, including the provisions concerning insurance and nondiscrimination;

- m. Contractor's repeated or continued violations of District ordinances unrelated to performance under the Contract that in the opinion of the Purchasing Agent indicate a willful or reckless disregard for District laws and regulations
 - n. Failure to timely submit and/or to meet the schedule milestone dates that are established under Section IB-6; and/or
 - o. Failure to pay subcontractors or suppliers when due as required herein.
- e. **Cure or Default Notice.** The occurrence of any event of default or breach of contract permits the District, at the District's sole option, to declare Contractor in default. The Purchasing Agent will give Contractor written notice of the default, either in the form of a cure notice ("Cure Notice"), or, if no opportunity to cure will be granted, a default notice ("Default Notice"). If a Cure Notice is sent, the Purchasing Agent may in his/her sole discretion give Contractor an opportunity to cure the default within a specified period of time, which will typically not exceed 30 days unless extended by the Purchasing Agent. The period of time allowed by the Purchasing Agent to cure will depend on the nature of the event of default and the Contractor's ability to cure. In some circumstances the event of default may be of such a nature that it cannot be cured. Failure to cure within the specified time may result in a Default Notice to the Contractor. Whether to issue the Contractor a Default Notice is within the sole discretion of the Purchasing Agent and neither that decision nor the factual basis for it is subject to review or challenge by the Contractor. The decision to terminate is final and effective upon giving the notice. If the Purchasing Agent decides not to terminate, this decision will not preclude the Purchasing Agent from later deciding to terminate the Contract in a later notice, which will be final and effective upon the giving of the notice or on such later date set forth in the Default Notice. When a Default Notice with intent to terminate is given, Contractor must discontinue any Work, unless otherwise directed in the notice. Contractor will be barred from transacting business with the District for 1 year from date of the Default Notice.
- f. **Remedies.** After giving a Default Notice, the District may invoke any or all of the following remedies:
- Liquidated damages, as provided in Section GC-4(g) hereof;
 - The right to take over and complete the work, or any part of them, at Contractor's expense and as agent for Contractor, either directly or through others, and bill Contractor for the cost of the Work, and Contractor and/or surety shall be liable and must pay the difference between the total amount of this bill and the amount the District would have paid Contractor under the terms and conditions of this Contract for the work that was assumed by the District as agent for Contractor;

- The right to call upon the surety to complete the work in the accordance with the Contract;
 - The right to terminate this Contract as to any or all of the Work yet to be performed effective at a time specified by the District;
 - The right to seek specific performance, an injunction or any other appropriate equitable remedy;
 - The right to seek money damages;
 - The right to withhold all or any part of Contractor's compensation under this Contract; and/or
 - The right to deem Contractor non-responsible in future contracts to be awarded by the District.
- g. **Liquidated Damages. TIME IS OF THE ESSENCE** and Work must be completed within the completion time specified in Section BN-11, subject to such extensions as may be granted in writing by the District. The Contractor agrees that, if the Request for Price Proposal states that liquidated damages will apply to the Work, the District shall deduct a sum equal to the amount shown in the following schedule of deductions, from the amount to be paid to Contractor for each day after the above mentioned completion time for the Work (Sundays, and holidays included) that the Work remains incomplete. This amount is agreed upon as the proper measure of the liquidated damages that the District will sustain per day, by the failure of the Contractor to complete the work at the stipulated time, and is not to be construed in any sense, as a penalty. The liquidated damages for failure to complete the Contract on time are approximate, due to the impracticality of calculating and proving actual delay costs. This schedule of deductions establishes the cost of delay to account for administration, engineering, inspection, and/or supervision during periods of extended and delayed performance. The costs of delay represented by this schedule are understood to be a fair and reasonable estimate of the costs that will be borne by the District during extended and delayed performance by the Contractor of the Work, remaining incidental Work, correction of work improperly completed, or repair of Work damaged as a result of the Contractor. The District will deduct these liquidated damages from any monies due or to become due to the Contractor from the District.

| Schedule of Deductions for Each Day of Overrun in Contract Time | | |
|---|------------------|---------------|
| Original Contract Amount | | Daily Charges |
| From More Than | To and Including | Calendar Day |
| \$0 | \$100,000 | \$475 |
| 100,000 | 500,000 | 750 |
| 500,000 | 1,000,000 | 1,025 |
| 1,000,000 | 3,000,000 | 1,275 |
| 3,000,000 | 6,000,000 | 1,425 |
| 6,000,000 | 12,000,000 | 2,300 |
| 12,000,000 | And over | 5,800 |

When a completion date is specified, the daily charge will be made for every day shown on the calendar beyond the specified completion date.

- h. **Non-Exclusivity of Remedies.** The remedies under the terms of this Contract are not intended to be exclusive of any other remedies provided, but each and every such remedy is cumulative and is in addition to any other remedies, existing now or later, at law, in equity or by statute. No delay or omission to exercise any right or power accruing upon any event of default impairs any such right or power, nor is it a waiver of any event of default nor acquiescence in it, and every such right and power may be exercised from time to time and as often as the District considers expedient.

i. **Termination for Convenience**

The District may terminate this Contract, or any portion, at any time by notice in writing from the District to the Contractor. If the Contract is terminated by the District, the Contractor shall deliver to the District all finished or unfinished documents, data, studies and reports prepared by the Contractor under this Contract and these shall be and become the property of the District. Payment for the work performed before the effective date of such termination shall be based upon an estimate of the services/goods actually performed/supplied by the Contractor to the date of termination. Such payment so made to the Contractor shall be in full settlement for services rendered under the Contract.

- j. **Acceptance not a Waiver of Legal Rights:** The District shall not be precluded or stopped by any acceptance of the Work and/or payment thereof from recovering from the Contractor and his/her sureties such damages as the District may sustain by reason of the Contractor's failure to comply

with the terms of the Contract. Acceptance of any work shall not function, operate or be construed as waiver of any kind.

GC-5. LEGAL REGULATIONS AND RESPONSIBILITIES OF THE CONTRACTOR

- a. **Laws and Regulations:** The Contractor shall at all times observe and comply with all Federal, State and local laws, rules, ordinances and regulations which in any manner affect the conduct of the work. 2. If a permit is required, all Contractors and subcontractors must be registered with the CCBZ.

3. If a permit is required, all Contractors and subcontractors must file a letter of intent with CCBZ on company letterhead which includes the permit number and describes the work that will be performed.
 4. If a new Contractor or subcontractor is added to a project where a permit is required, the new firm must register with the CCBZ and provide a letter of intent prior to starting work.
 5. Violations issued by the CCBZ inspectors should be immediately reported to the District and immediately corrected as per direction from the Engineer.
- d. **Guarantees**: Whenever in the specifications a guarantee or maintenance bond is required to be furnished for any item or equipment, material or portion of the Work, such guarantee or maintenance bond shall be submitted to the Chief Engineer and a written approval shall be issued to the Contractor before any such equipment, material or construction is ordered and incorporated in the Work by the Contractor.
- e. **Protection and Restoration of Property**: The Contractor shall use every precaution to prevent the damage or destruction of all public, corporate and private property of every description. - g. **Public Convenience and Safety**: The Contractor shall at all times conduct the work in such a manner as to cause the least inconvenience and greatest protection to the general public. The

Contractor shall furnish and maintain barricades, warning signs, red flags and lights and temporary passage ways as may be necessary to protect the work and safeguard the public. The cost of furnishing and maintaining such above facilities shall be incidental to the Contract and no extra compensation will be allowed therefore.

- h. **Sanitary Provisions:** The Contractor shall observe all rules and regulations of any and all health departments applicable to the project being undertaken and shall take precautions to avoid creating unsanitary conditions. Necessary sanitary conveniences for the use of employees upon the work shall be constructed and maintained by the Contractor at such point and in such a manner as shall be approved by the Engineer.
- i. **Contractor/Sub-contracting:** In the event the Contractor subcontracts any portion of the work, the Contractor and Subcontractor must at all times and in all aspects comply with the terms of this Contract. The Contractor shall at all times keep the District's property free and clear from all liens of whatever kind and/or nature. Failure to do so shall result in the withholding of payment(s) until said lien is removed by properly being filed and recorded with the Recorder of Deeds Office where the lien was originally filed and recorded.
- j. **Prompt Payment to Subcontractors and Suppliers:** When a Contractor receives any payment from the District for any supplies, equipment, goods, or services, it has provided to the District pursuant to this Contract, the Contractor must make payment to its subcontractors within 15 days after receipt of payment from the District. When such changes involve an increase of more than \$5,000.00 or ten percent (10%) of the total contract price, whichever is greater, and/or time extension of more than sixty (60) days, then a supplemental agreement between the Contractor and the District will be required. Said supplemental agreement is subject to the approval of the Board of Commissioners of the Forest Preserve District of Cook County. Changes which increase cost by less than \$5,000.00 or less than ten percent (10%) of the total contract price, and/or time extension less than 60 days may be made with the advance approval of the Purchasing Agent. Notwithstanding the above, if the original Contract price is less than \$150,000, then approval of the Board of Commissioners of the Forest Preserve District of Cook County must be obtained for any increase in cost which causes the total price payable by the District under the Contract to equal or exceed one hundred fifty thousand dollars (\$150,000.00) during the term of the Contract.

If any part of the Work done or materials furnished shall prove defective and the imperfection in the same shall not be of such magnitude or importance as to make the Work dangerous or undesirable, the Engineer shall have the right and authority to retain such Work, but shall make such deductions in the final payment therefore as may be just and reasonable.

GC-9. CONTROL AND PROGRESS OF THE WORK

The amount of said invoice, after deducting ten (10) percent retainage, and all previous payments, shall be reviewed by the District and paid to the Contractor as soon as practicable, provided that proper waivers of lien and other required documentation are submitted to the District.

The estimate may, at the discretion of the District, include for payment the value of acceptable nonperishable construction materials delivered and stored at the time of such estimate, provided receipted invoices are presented by the Contractor.

- d. **Final Payment:** When the work provided in the Contract shall have been completely performed on the part of the Contractor, and has been approved and accepted by the Engineer or the appropriate District project manager, a final invoice will be prepared by the Contractor as soon as the necessary measurements and computations can be made. The Contractor will not be paid if there are any outstanding liens against them without the written agreement of all parties involved.

The final invoice for payment and all supporting documentation, as stated in the payment application (Section GC-10(f),) shall be sent directly to the address listed on the District issued Purchase Order.

The final amount of monies due the Contractor will be paid as soon as practicable, after final acceptance, provided it is shown that all sums of money due for labor, materials, apparatus, fixtures or machinery for the purpose of the Work have been paid or that the party or parties to whom the same may be due have consented to the final payment to the Contractor. It is understood that the Contractor, sub-contractors and suppliers shall present to the District appropriate final waivers of lien in proper form acceptable to the District prior to any final payment or approval of final payment

- e. **Waiver of Lien:** The Contractor shall submit with each payment request a Waiver of Lien for the full amount of current payment requested by the Contractor and Waivers of Lien from all Sub-Contractors for the preceding payment request. [END OF GENERAL CONDITIONS]

IV. SPECIAL PROVISIONS

SP-1. MBE/WBE POLICY & PROCEDURES

In addition to the general goals described in the Instruction to Bidders (IB-17) and the project-specific goal set out in the Bid Notice (section BN-5), these special provisions explain the procedures for how the MBE/WBE goals will be implemented.

I. FAILURE TO MEET PROJECT-SPECIFIC PARTICIPATION GOALS

A bid shall be rejected if (1) the District determines that a bid fails to meet Project Specific MBE and WBE Goals set out in Section BN-5, or (2) the bidder's documented good faith efforts to do so as set out in its Petition for Waiver of MBE/WBE Participation are determined by the County Compliance Director to be inadequate.

A bidder may achieve the Project-Specific MBE and WBE Goals by its status as a MBE or WBE; by subcontracting a portion of the work to one or more MBEs and / or WBEs; by entering into a joint venture with one or more MBEs and/or WBEs; or by any combination of the foregoing.

A Contractor's failure to carry out in good faith its Project Specific MBE and/or WBE Goal commitments in the course of the Contract's performance shall constitute a material breach of the Contract and a violation of the Ordinance. If such breach is not cured, it may result in the termination of the Contract or such remedy authorized by the Ordinance or the Contract, or such remedy authorized by the Ordinance or the Contract, in the District's sole discretion.

If at any time following appropriate investigation, the District has reason to believe that any person or firm has knowingly and willfully provided incorrect information related to, or made false representations in connection with any aspect of the implementation of or compliance with the Ordinance or these General Conditions, such matter shall be immediately referred to the Purchasing Office and the District's Legal Department for consideration of remedial action as provided by the Ordinance and other applicable civil and criminal laws.

The bidder must maintain a record of all relevant data with respect to the utilization of MBEs and WBEs including, but without limitation, payroll records, invoices, canceled checks, sworn statements and books of account for a period of at least 5 years after the District's final acceptance of the work. Full access to these records shall be granted to the District or to any municipal, state or federal authorities by the bidder upon 48 hours written demand by the District. The District shall have the right to obtain from the bidder any additional data reasonably related or necessary to verify any representations by the bidder in its MBE/WBE Utilization Plan.

SP-2. REQUIRED PRE-AWARD BID SUBMITTALS

To be responsive, a bidder shall either: (1) propose to meet the Project Specific MBE and WBE Goals by submitting with the bid a MBE/WBE Utilization Plan, supported by Letters of Intent ("LOI") and Letters of

Certification from the proposed MBEs and WBEs, and, if applicable, Joint Venture Affidavit(s), establishing that the bidder intends to meet the Project-Specific MBE and WBE goals, or (2) if the Bidder does not achieve the Project Specific MBE and/or WBE goals, submit with the bid documentation a Petition for Waiver of MBE/WBE Participation (in the form provided in Section VI hereof) with details regarding its good faith efforts to meet the Project Specific MBE /WBE Goals. Good faith efforts mean actions undertaken by a bidder to achieve a MBE or WBE goal.

Failure to submit the following documents in accordance with these requirements will cause the bid to be considered non-responsive and may be cause for the Bid to be rejected. The Cook County Director of the Office of Contract Compliance (the "County Compliance Director") reserves the right to request supplemental information regarding a bidder's submissions and the bidder shall furnish such information in a timely manner. Failure to furnish information or otherwise cooperate may result in the rejection of the bid.

A. MBE/WBE UTILIZATION PLAN

The bidder must submit with its Bid a completed Utilization Plan in the form provided in Section VI hereof. The Utilization Plan shall list the name(s), address(s), telephone number(s), e-mail(s) and contact person(s) of each Subcontractor(s) or Supplier(s) intended to be used in the performance of the Contract, including firms proposed as MBEs or WBEs to meet the Project Specific Goals.

Bidders must notify MBEs and WBEs of their intent to use such MBEs and WBEs, respectively, for subcontracting opportunities at least five (5) business days before submission of the bid.

A MBE or WBE bidder may count its own participation, less any amount subcontracted, toward a goal for which it qualifies but may not divide its participation between two goals. Likewise, the participation of a MBE or WBE subcontractor or Suppliers may be counted towards only one goal on a Contract. The participation of a firm certified as a MBE and a WBE may not be divided between two goals.

A bidder may count only the participation of MBEs and WBEs for the scopes of work for which they are certified on or before the date of the bid submission. If the MBE or WBE ceases to be certified during the performance of the Contract, participation will only be counted for the value of the work that was performed while the firm was certified.

A bidder may count the MBE or WBE participation of every level of subcontracting toward the Project Specific Goal(s) of both MBEs and WBEs listed on the Utilization Plan.

Where the solicitation requires the bidder to submit a base bid and one or more alternates, the MBE/WBE Utilization Plan must demonstrate the bidder's achievement of the Project Specific Goal(s) or its good faith efforts to achieve the Project Specific Goals(s) on the base bid.

If the bidder is unable to achieve the Project Specific Goals(s), it must demonstrate its good faith efforts to do so. The bidder must show that it took all necessary and reasonable steps to achieve the Project Specific Goals(s), which, by their scope, intensity and appropriateness to the objective, could reasonably expect a bidder to take if the Bidder were actively trying to obtain MBE and WBE participation sufficient to meet the MBE and WBE contract goals. Mere *pro forma* efforts are not good faith efforts to meet the MBE and WBE contract goals.

A bidder must document its good faith efforts in its MBE/WBE Utilization Plan. The specific requirements that the District will consider as part of the District's evaluation of the bidder's good faith efforts to obtain MBE and WBE participation are identified in the MBE/WBE Ordinance.

[NOTE: A list of organizations that can assist in identifying certified MBE/WBE firms may be obtained at the pre-bid meeting.]

If a MBE/WBE Utilization Plan is denied because the Good Faith Efforts requirements have not been met, the County shall inform the bidder in writing of the basis for the denial. To protest such a decision, the bidder shall follow the purchasing protest process followed by the District.

B. LETTER(S) OF INTENT

The bidder shall submit with its bid completed LOI utilizing the LOI format in Section VI of these Bid Specifications. The LOI must be executed by an authorized representative of the MBE or WBE identified on the MBE/WBE Utilization Plan and by the authorized representative of the Bidder. The LOI must accurately and completely detail the work to be performed and/or the materials to be supplied, and the agreed rates and/or prices to be paid. All MBE/WBE Utilization Plan commitments must conform to those included in the submitted LOIs. The LOI will become a binding contract covenant upon the bidder's receipt of a signed Contract from the District.

C. LETTERS OF CERTIFICATION

To be counted towards meeting the MBE or WBE Project Specific Goal(s), a Bidder or its subcontractors or suppliers must be certified by Cook County or the City of Chicago or a certifying agency approved by the Cook County Office of Contract Compliance.

The Letter(s) of Certification must be submitted with the MBE/WBE Utilization Plan.

The County Compliance Director retains the right to reject for credit towards meeting a MBE or WBE Goal the certification of any firm that does not conform to the Ordinance's eligibility standards.

D. Reciprocal Affidavit

Minority Owned Business Enterprises and Women Owned Business Enterprises that have been certified by the County of Cook or, the City of Chicago are encouraged to respond to this bid request. Firms that are only certified by the City of Chicago must meet the following

qualifications: personal net worth (Sec. 1-8-5b(E24) not to exceed \$2 million, meets the U.S. Small Business Administration Table of Small Business Size Standards, and must be located within the Metropolitan Statistical Area for Chicago, as established by the Bureau of the Census, currently are the counties of Cook, DuPage, Kane, Lake, McHenry and Will. Firms must submit a Reciprocal Affidavit with their MBE/WBE Utilization Plan. Firms that meet the requirements for and are interested in being certified should contact the Forest Preserve District of Cook County Contract Compliance Administrator (312.603.8950).

E. JOINT VENTURE AFFIDAVIT

If a Bidder seeks to meet the Project Specific MBE/WBE Goals by entering into a Joint Venture, the Bidder must submit an Affidavit of Joint Venture with its bid submission.

SP-3. CONTRACT MONITORING

A. FORMS

To monitor the participation of subcontractors or suppliers on the District Contracts, the Contractor must submit a MBE/WBE participation status report with each payment request. The status report must reflect, from project start to date, the Contractor's receipt of payments from the District and the remittance of the payments to all subcontractors or suppliers identified in the MBE/WBE Utilization Plan. Failure to submit a status report will be deemed a breach of the Contract and may result in a HOLD being placed on all monies due to the Contractor or that may become due to the Contractor.

B. PROCEDURES

Procedures for monitoring compliance may include, but are not limited to, site visits or telephone audits; consideration of requests for substitutions, additions, deletion, or change orders; and review and verification of payments to subcontractors or suppliers as documented by the status reports of subcontractors/suppliers payments.

1. SUBSTITUTIONS, ADDITIONS OR DELETIONS OF SUBCONTRACTORS OR SUPPLIERS

The Contractor must seek in writing, and obtain the prior approval, of changes to the original MBE/WBE Utilization Plan on the form provided by the District. The County Compliance has sole authority to approve or deny changes or substitutions to the MBE/WBE Utilization Plan. The written request must state specific reasons for the proposed addition, deletion or substitution of a subcontractor or supplier. The facts supporting the request must not have been known nor reasonably should have been known by the Contractor and proposed subcontractor or suppliers prior to the submission of the MBE/WBE Utilization Plan. The Contractor must submit documentation to substantiate its request for a change in the MBE/WBE Utilization Plan. Such documentation may include, but is not limited to, documentation from the project manager or other appropriate District staff assigned to oversee the project; correspondence between the Contractor and the subcontractor

or supplier; or field notes, laboratory reports, photographic evidence or other materials. If a Contractor proposes to add a MBE or WBE to its MBE/WBE Utilization Plan after the Contract has been awarded, a signed Letter of Intent must be submitted with the request.

If a Contractor proposes to substitute, add or delete a subcontractor or supplier and either (1) the Project Specific Goal (s) were not met prior to this action, or (2) the Project Specific Goal(s) may not be met because of this action, the Contractor must make good faith efforts to meet the Project Specific Goal(s). Documentation demonstrating good faith efforts, as described above, must be submitted with a request for substitution, addition or deletion if the Project Specific Goal(s) are not otherwise met. The County Compliance Director will determine whether Good Faith Efforts have been made. If good faith efforts to substitute or add a MBE or WBE have been made and the Contractor has been unsuccessful in substituting with a MBE or WBE to the satisfaction of the County Compliance Director, then the Contractor may substitute or add a non-certified firm. If the County Compliance Director determines that good faith efforts have NOT been made, the County Compliance Director may issue a decision to deny the request.

Within seven (7) days of the Contractor's receipt of a notice of intent to deny the request for substitution, addition or deletion, the Contractor may file a written notice of intent to appeal with the County Compliance Director. Failure to file a timely notice waives all rights to appeal or protest the adverse decision.

After filing a notice of intent to appeal, a Contractor may file a written appeal of the adverse decision, stating the grounds for appeal, including the reasons that the Contractor believes the denial of the request to substitute, add or delete Subcontractors or Suppliers to be inappropriate. The appeal must be submitted to the County Compliance Director within 21 calendar days of receipt of the notice of intent to impose an adverse decision.

2. CHANGE ORDERS

If a change order results in the reduction or deletion of a scope of work to be performed by a MBE or WBE, the District's Project Manager shall notify in writing the Contractor and the MBE or WBE. The County Compliance Director may then adjust the Project Specific Goals.

SP-4. CONTRACT CLOSEOUT PROCEDURES

After receipt of Contract close-out documents, the County Compliance Director shall notify in writing the Project Manager whether the Contractor has paid all uncontested amounts to subcontractors and suppliers listed on the MBE/WBE Utilization Plan, and otherwise fulfilled the Contract's terms related to the MBE and WBE commitments.

If the County Compliance Director determines that the Contract's terms have been fulfilled, the Project Manager may authorize final payment and close out the Contract in accordance with the District's procedures.

If the County Compliance Director determines that the Contract's terms have not been fulfilled, the County Compliance Director shall inform the Project Manager and the Contractor in writing of the reasons for the determination, the sanctions recommended (if any) and the procedures to appeal the determination. If the recommended sanctions contain any fine or liquidated damages, the Project Manager shall retain from any payment due, the amount of such sanction during the pendency of an appeal.
